—Mr. Sifton, of the Edmonton High School left this morning for Moose Jaw to accept the principalship of the public school there.

—Mr. Robertson, one of the Kootenay delegates lead mining industry, addressed a meeting of the business men of Strathcona last night.

CONTRACT LET.

Mr. Mackenzie, president of the Canadian Northern Railway Company, has definitely announced that an order has been placed in England for 40,000 tons of steel rails, sufficient for 400 miles of the line, which will reach Edmonton in time to carry out the first crop raised by settlers who come west this year. He has repeated previous statements saying that the Canadian Northern was not for sale and added that the Grand Trunk Pacific projectors so far had not tried to acquire the road.

PRESENTATION.

The students of the High school assembled yesterday afternoon to bid farewell to Mr. Sifton, who left this morning for Moose Jaw to accept the principalship of the Public Schools there. Mr. Rae, principal of the High school, spoke of the general regret that was experienced over Mr. Sifton's removal and mentioned the loss that the Edmonton High school was sustaining. Mr. Edwin Mitchell read an address on behalf of the students and presented Mr. Sifton with a handsome writing case. Mr. Sifton then replied in a few words speaking of his connection with the school staff and the regret he experienced in leaving Edmonton and the Edmonton High school.

—Quite a large crowd are taking in the skating on the rink these evenings. The rink will likely close for the season next Tuesday evening.

—Plaideleur: The capacity of the Strathcona tannery is being doubled by the installation of increased power and some additional large curing vats.

—At the curling rink last night Meng's rink defeated Bryan's rink by a score of 13 to 6. Mackenzie's rink defeated Kinnaid's by a score of 11 to 8.

EDMONTON'S GRIEVANCES RE-
CANADIAN PACIFIC RAILWAY

An emergency meeting of the business men of Edmonton was called last night for 9 o'clock by the town council at the request of F. W. Peters, assistant freight traffic manager of the western division of the C. P. R. Accompanying Mr. Peters was J. S. Dennis, formerly of the Northwest government but of late in charge of the C. P. R. irrigation scheme in Southern Alberta. The purpose of calling the meeting was to give an opportunity to the business men of Edmonton to bring their grievances directly before the proper authorities. Mayor Short occupied the chair and quite a representative gathering was present. The mayor, speaking first, outlined some of the many grievances which the business men suffer at the hands of the C. P. R., making particular mention of freight charges, delays in forwarding freight, the lack of a C. P. R. ticket office in Edmonton and the inability to check baggage through to outside points from the Edmonton station. Mr. Peters was then called upon.

He expressed his regret that, in the great numbers of years he had been with the C. P. R. in the West, this was the first occasion on which he had the pleasure of visiting Edmonton.

A great deal was being heard about Edmonton the past year and it was his duty to report fully on local conditions and to make suggestions for better services by the C. P. R. to the proper authorities in Winnipeg. He believed that it would be best in the interest of Edmonton and of the railway that these grievances should be taken up and discussed in an authoritative way. The grievances of the lack of a ticket office in Edmonton and for through checking of baggage was first taken up. Mr. Peters promised to recommend the matter to the proper authorities in Winnipeg and said that he had no doubt the request for a ticket office, etc., would be granted. In this connection he casually remarked about the present unsatisfactory condition of the C. & E. railway service. Freight charges were next discussed. In this connection the shortage of cars was mentioned and attributed to certain effects of the strike in the Kootenay. However, the C. P. R. were now moving cars west. The inability to get sufficient lumber into the country was next taken up. He spoke of the methods of the lumber combine and said that although the C. P. R. always wished to support Canadian industries he would advocate bringing in from the United States of rough lumber and as there was no tariff charges on rough lumber this would alleviate the difficulty. The C. P. R. will further make a reduction on freight rates on rough lumber. A. B. Cushing and W. H. Clark, who were present, spoke a few words regarding the advances in prices of lumber. Mr. Clark said that it was the scarcity of rough lumber that was the great grievance but the inability to get in sufficient B. C. finishing lumber. Mr. Peters said that they had warned lumber dealers to have their orders in early and also the mills to be ready to ship in March and April. It was then pointed out to him that the greatest difficulty was, not so much in the increase of prices of lumber, as in the impossibility of British Columbia mills to get cars to make shipments. Rates on stone and building material, and difficulty in getting in a supply of lime were discussed. Mr. Peters mentioned the changes that were being made in the arrangements of their services on the main line mentioning that they intended to keep in closer touch in future with the traffic conditions.

Mr. Short declared the meeting open for discussion and called on Superintendent Pace of the E. Y. & P. for his opinion of C. P. R. ticket office, etc. Mr. Pace said that he had brought the matter to the attention of A. E. James, superintendent of the C. N. R., and that Mr. James had promised to take the matter up definitely with the C. P. R. Winnipeg authorities.

Al. Brown, spoke of the delay in dispatching goods—freight frequently by for a week at Calgary and other points along the line. Mr. Peters promised the matter close attention.

Mr. Manus, of the MacLennan Harris,

speak of the cases where shipments of small freight had to be made from different stations by way cars. In many cases goods laid on the station platforms for days causing a great inconvenience.

John A. McDougall struck the right chord when he spoke of the persistent shelving of Edmonton's grievances in the past when the C. P. R. were in a position to help Edmonton. Now when there was a prospect of Edmonton or getting other railway services the C. P. R. officials were becoming very solicitous for the welfare of the district.

The C. P. R. once had Edmonton at their mercy; they should meet our present demands if merely from a business standpoint or we may not fail to remember the treatment given us in past years. Mr. McDougall also spoke of the question of a ticket office and the checking of baggage.

Owing to some misunderstanding the notice of the calling of the meeting was not as widely made known as I otherwise would have done.

Mr. Short in closing the meeting mentioned to Mr. Peters that if the C. P. R. would provide cars, a spur line to our coal fields, and fair freight rates they would receive the sincerest good will of the community.

SCHOOL BOARD

At a special meeting of the school board held in the chairman's office yesterday afternoon at 4 o'clock it was decided to send a telegram to Mr. Merritt, of the Collegiate Institute, Goderich, offering him \$1,000 a year to take Mr. Sifton's vacated position in the High school. Mr. Merritt is to report for duty on April 13th, should he accept the position.

Miss Clara Boyce, Edmonton, was engaged to teach the new ungraded room that is being opened in the old brick school at a salary of \$600 a year.

MARRIAGES.

Pomeroy-Cranston—At the Langworthy farm, Fort Saskatchewan, on Wednesday, March 25th, by the Rev. A. R. Aldridge, B. A., Irwin Smith Pomeroy, of Strathcona, to Miss Cranston, of Fort Saskatchewan.

AN OPEN LETTER

To the Builders of Edmonton District

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices. In this connection, a few statements of fact from us may be in order.

The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge.

But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices is due to scarcity of lumber.

The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity. As to our own prices we beg to say that we are careful to see that the beat a right relation to cost. We cannot help the rise in B. C. lumber, because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,
CUSHING BROS., CO., LTD.

Factories and yards at Calgary and Edmonton.

Branches at Strathcona and Fort Saskatchewan.

LOST.
A light bay horse, three years old, three white feet, branded "B" on left hip. Had halter and whip last seen. Finder please notify the undersigned. Address Edmonton post office.

Nipawin, Man.

McDougall & Secord's
Store NewsMEN'S
CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy cheviots. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good Suit or Overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashions cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

BOY'S CLOTHING

THAT DEFIES JUVENILE GYMNASIUMS

We know how near useless it is to admonish youngsters not to smoke. The only remedy is to get good clothes, but don't pay too much. Clothing is cheaper for a healthy boy than doctors' bills for a sick one.

AMENDMENTS TO CALGARY CHARTER

Notice is given that the City of Calgary will apply to the Legislative Assembly of the Territories at its next session for amendments to its charter, and amending acts in the following respects:

To grant the mayor of the city the powers of two justices of the peace.

To make further provisions respecting the votes of voters inadvertently omitted from the list.

To compel candidates at time of nomination to produce evidence that they are properly qualified according to law.

To extend the exemption of income tax to \$800 and give the city power to exempt income earned as wages from taxation.

To increase the poll tax to \$3.00 per annum and to tax all parties not on the assessment roll to the amount of \$200 or more.

To give the city power to connect with the sewers all buildings adjacent thereto and to charge the cost thereof against defaulting owners and if not paid, to add the same as taxes against the land.

To give the city power to appoint additional commissioners to those mentioned in said ordinance.

To allow the use of areas or openings under the sidewalks and to charge therefore and make regulations concerning the same.

To give the city power to collect water rates in arrears in the same manner as city taxes.

SENATORS FOR THE WEST

Ottawa, March 24.—The western members of parliament and senators are going to press for an increase in representation in the senate from the west. At present there are only nine senators west of Lake Superior, while the Maritime Provinces have got 24 Quebec 24, and Ontario 24. A prominent western member told your correspondent that the time had arrived when the west, with its growing interests, should have 24 senators, the same as the Maritime Provinces and Ontario and Quebec. The British North America Act would require to be changed before the number could be increased for Manitoba, but there is nothing to prevent the government from appointing an increased number from the Territories. The Northwest is entitled to-day, according to population, to about ten members of parliament, yet it has only two representatives in the senate. Prince Edward Island will have four members after the redistribution bill is passed and it will have four representatives in the senate, a senator for each member of parliament. New Brunswick will have 10 senators and 13 members of parliament. Nova Scotia 13 members and 10 senators. The western men don't want any reduction of senators in the Maritime Provinces, but they do want an increase in the west. British Columbia has got three senators and will have seven members of parliament, while Manitoba has got four senators and ten members of parliament.

SETTLERS IN THE WEST

Free Press.—A special settlers' train arrived in the city at 2:30 o'clock today, with four cars of settlers and effects, from Ontario. These are horsemen who have been directed by their friends and relatives in this part of the country to come in early. There are about 150 in the party, including a number of women and children.

The special train arriving this afternoon also carried 137 English and Icelanders. On 10-days regular express leaving Montreal, there are 60 English and 25 French-Canadians new-comers. A special train leaving Montreal to-day carries 320 English and 55 Scandinavians.

THE EDMONTON INDUSTRIAL

The Eyeopener: The secret of the never-failing success of the Edmonton fair is that the management is not too stuck up religious or hypocritical to take official cognizance of the race horse man. They write to owners extending to them a cordial invitation to come along and bring all their horses with them. The horsemen are treated royally and punctually when they get there, and the purses are paid right away when won. The fair that is being spoken of mostly in advance and looked forward to with genuine pleasure is the Edmonton fair, where they are going to race three days for large purses. Well, all be there—a smoking our pipes and our cigars.

EDMONTON'S FUTURE

A. H. Harris, of the C. P. R., general staff, in an interview with the Winnipeg Telegram after his western trip has the following to say of the Edmonton district:

"I was astonished, at the number and character of the settlers going into the Saskatchewan valley districts and was particularly impressed with the United States contingent, the bulk of whom seem to have chosen the Edmonton section. He had had an opportunity of meeting a number of these men from whom he gathered that they intended following mixed farming and prognosticated that within a few years there would be millions of his running in Northern Alberta."

"He expressed the opinion that the Pacific was the natural outlet for Alberta and the Territories, and that he looked for immense development in the near future via this route, in the consummation of which both Calgary and Edmonton would directly benefit. Edmonton was ambitious of becoming the metropolis of the north, and if real values are any criterion of coming greatness, Edmonton will get there."

\$25.00 LOST, \$5.00 REWARD

Real Estate. **W. H. HOOPER COMPANY.** *Edmonton.*

A BADLY NEEDED SIDEWALK
Since the snow has commenced to melt and the roads have become muddy there are numerous complaints being made about there being no sidewalk to the station. A person, to reach the station, has to trudge through mud, in places, several inches deep. With a slight outlay of money this inconvenience could be readily overcome. Were a sidewalk—a two plank one—would do—laid from the present end of the sidewalk on Second Street, down the Bellamy hill to the station it would make it much more pleasant and agreeable for all concerned. Greats would have to be put on the sidewalk down the incline of the hill. It would be a good investment and if the town council will take the matter up their action would receive the endorsement of the citizens.

FOR SALE
Five Lots on First St.
